

Retail Business

Year 10

What are the aims and intentions of this curriculum?

The aim of our Year 9 Curriculum is to elicit a basic understanding of Retail Business and customer service, thus enabling learners to carry out Mystery Shopping and research exercises with careful analysis or good customer service principles.

- Offers a learning experience that focuses through applied learning, i.e. acquiring and applying knowledge, skills and understanding through purposeful tasks set in sector or subject contexts that have many of the characteristics of real work.
- Ensures students learn what customers see as a good or bad experience and help retailers to assess and improve their performance.
- Allows learners a thorough understanding of the principles of customer service and how retailers use these to set the standards that are at the heart of the customer experience.
- Ensures learners know how develop research skills so that learners can investigate the quality of the customer experience across different retailers, analysing and presenting their findings.
- Allow students to explore and gain an understanding of how customer service affects the behaviour of both customers and employees.
