

Alliance Challenge

Over the last 2 weeks, students have been putting their mental and physical abilities to the test for the Alliance Challenge, engaging in a range of activities relating to Business, Technology, Physical Education and the Arts. This year's theme for the Alliance Challenge was "The Olympics". Week 1 saw teams of students tasked to create business plans for the De Salis Olympics, take part in a Dragons' Den pitch, confirming two local businesses to sponsor the Olympics, as well as creating an advertisement for their confirmed sponsor. Soon after, they were challenged to create their very own stadiums whilst being resourceful using gathered materials such as lolly sticks, cardboard and much more! Teams put great effort into this activity with some impeccable structures showing just what the De Salis family are about!

Week 2 comprised of creating an Olympic torch and flag that best embodied the spirit of De Salis, as well as designing and creating a kite to represent their team, and finally, choreographing a cheerleading routine to help cheer their team on! The Alliance Challenge is always a fantastic way to end the academic year; it's a time that allows students to come together and share their talents and we look forward to doing it all over again next year!
