

Science Experiment

Science experiments are often a highlight for most students. This week, students in Year 10 carried out a titration experiment. Titration involves the addition of an acid to a base, or vice-versa, with a burette (a vertical apparatus used to measure the volume of a known concentration added to a known volume in the conical flask). The students acknowledged how the colour changes in the indicator indicated when the mixture had reached a neutral PH. This then allowed known and measured volumes and the known concentration to be used in a calculation of the unknown concentration in the conical flask. Students were able to learn valuable scientific information all whilst having the fun of carrying out the tasks themselves.

Year 11 students also capitalised on stimulating scientific experiments this week as they combined magnesium strips with hydrochloric acid to identify the rate of reaction. They watched in awe as the hydrogen gas released at the end of the reaction causing the inflation of a balloon!

Enrichment Week

Please be reminded that Monday 27th September through to Friday 1st October is Enrichment Week. Students in Years 9, 10 and 11 will be invited to attend if they need to catch up on their coursework. Letters have been sent home to parents, guardians and carers, informing them of what the week will entail, from intervention classes to exciting activities to catch-up sessions. If you have any questions or require any further information, please do not hesitate to contact the College on 020 3819 3421.

Roll Out of the Coronavirus Vaccination in Schools

The government has announced the roll out of the coronavirus (COVID-19) vaccination to children and young people aged 12 to 15 years old. Following government guidelines, the vaccination programme will be facilitated in the forthcoming weeks at De Salis Studio College with NHS staff attending to administer the vaccination to each student who has returned their signed consent form. For more information, please read the following letter that was distributed this week: [\[https://bit.ly/2XJ6QBG\]](https://bit.ly/2XJ6QBG).

Hewens College Open Evening

- Thursday 30th September

This year, Hewens College is making provisions to welcome back families and their children currently in Year 6 on-site to their annual Open Evening. Parents, guardians, carers and prospective Year 7 students will have the chance to sample the College's innovative curriculum through a variety of activities to give pupils and their families the opportunity to discover first-hand what is on offer at Hewens College. Families will also be given the opportunity to enjoy a guided tour of the College, a promotional video, speeches delivered by the Principal, and gain an in-depth and valuable insight into the College's ethos, dynamic teaching and the variety of academic and vocational further education options on offer, as well as how these are delivered across Key Stages 3 and 4, and Post 16.

Join Hewens College on the date below. **It is crucial that only one adult per prospective student attends to limit the number of people on-site.** Please also feel free to explore their website, read their prospectus, and follow their social media channels for an insight into life at Hewens College.
