

European Languages Day Assembly

European Languages Day emphasises the cultural and linguistic richness of Europe. It is a chance for all of us to reflect on the importance of learning languages for personal development, career opportunities, and fostering a deeper understanding between different cultures.

De Salis Students were able to celebrate European Languages Day with a special assembly. The assembly provided students with an opportunity to embrace the rich linguistic diversity of Europe and recognise the importance of learning languages. The assembly featured presentations on various European languages and cultures, performances by students showcasing songs, poems, or short plays in different and European languages, fun facts and trivia about the languages spoken across Europe. We encouraged all students to take part by exploring a new language or sharing something unique from a European country in which they are interested in.

Students were able to engage in mini-language learning sessions, where they learnt basic phrases, greetings, and fun facts about European languages. This was their chance to try out new words and phrases from languages they may not be familiar with! Students were able to explore and enjoy displays featuring traditional clothing, food, and historical items from European countries. This helped students understand and appreciate the cultural heritage connected to these languages.
