

## Ramadan Assembly

Year 11 students delivered a wonderful assembly to share the significant occasion of Ramadan. This was a vibrant event which brought students and staff together to highlight the importance of this occasion whilst honouring the cultural significance of Ramadan. It was a meaningful gathering that fostered a sense of appreciation for diverse traditions. Students observing Ramadan have been provided with quiet spaces for prayer whilst ensuring a sensitive handling of fasting needs here at De Salis.

## Pi Day!

De Salis celebrated and shared the mathematical wonder of Pi, with students engaging in fun activities related to the number. Pi is a fundamental mathematical constant representing the ratio of a circle's circumference to its diameter and is crucial in various scientific disciplines. Pi is used in many formulas in Physics, as well as engineering applications such as architecture, astronomy, statistics, probability and nature and has a vast historical context dating back to ancient civilisation.
