

## De Salis Gardening Club

At De Salis our Gardening Club is growing strong! Our year 9 gardeners are really pleased with the growth of their tomatoes, peppers, salad leaves, potatoes and sunflowers. They are thriving after being potted up during enrichment week. The gardening club come together regularly to nurture all the plants and vegetables they have growing alongside Ms Massey and her wealth of knowledge of everything green!

### Student Attendance

We would like to remind parents, guardians and carers that research shows there is a clear link between the attendance rate of students and their level of attainment. Please support your child to attend regularly by ensuring that any medical or other appointments are organised out of college hours. The expectation of the Governing Body is that all students will achieve a minimum annual attendance rate of 96%. The only circumstances in which absence from college may be authorised is when your child is too ill to attend or permission for exceptional leave has been requested and granted by the Principal.
